

diy – Price List – diy

Drawings and Specifications for Do-it-yourself (diy) Fabrication and Assembly of small Refrigeration Facilities – Movable and Stationary

(hit the logo to download an Acrobat printout version of the Price List)

Prices listed below are in **EUR**; they cover **complete sets of drawings and specifications** for fabrication, assembly, installation, testing and commissioning of **Packaged Refrigeration Plants—Movable** ('containerized') **and Stationary**. The data are rendered in color in Acrobat formats, on **DIN/ASA size A3 horizontal sheets** in required numbers, and submitted on a **CD** including one set of **black-and-white printouts**. The drawings show all dimensions **in metric figures** and specify the **refrigerating equipment** (compressors, motors, evaporators, condensers, pressure vessels etc), including **automatic controls** and all required **installation materials**. Every drawing contains **at least one 3D view** of the part or arrangement it displays, while the specifications state the **individual performance** of all accessory equipment and the **overall performance** of the plant. Costs for surveying installation sites or traveling for meetings and discussions are **subject to negotiations**.

| Type of Plant | Brief Description | Price EUR |
|--|---|------------------|
| Movable Block Ice Plant | Plant and Machine Room in one 40 foot container | 2.500 |
| Movable Block Ice Plant | Plant and Machine Room in two separate containers | 3.500 |
| Movable Plate Ice Plant | Plant and Machine Room in one 40 foot container ; non-refrigerated Ice Storage in a second container below | 4.000 |
| Movable Scale Ice Plant | Plant and Machine Room in one 20 foot container ; refrigerated Ice Storage in a second container below | 4.000 |
| Movable Scale Ice Plant | Plant and Machine Room in one 40 foot container ; refrigerated Ice Storage in a second container below | 5.000 |
| Stationary Block Ice Plants | Any block size; any capacity ; without or with RPE; opaque or clear ice; without or with ice storage | To be negotiated |
| Industrial Ice Plants | For Concrete Batching Plants and other heavy duty applications | To be negotiated |
| APV Amerio Automatic Contact Plate Freezers | Three Sizes: 31, 35 & 37 ; can be installed in single, twin or multi arrangements, for any desired capacity | To be negotiated |
| Miscellaneous Freezer Applications Movable or Stationary | Horizontal Plate Freezer; Vertical Plate Freezer; IQF Belt Freezer; IQF Spiral Freezer; Batch Blast Freezer; Heavy Duty Blast Freezers (large capacities) | To be negotiated |
| RPE – up to 100 kW | Alternative Prime Movers (RPE and RMPE units); for movable ('containerized') and stationary plants | 1.500 |
| RPE – above 125 kW | | 2.000 |
| Fish & Fish Head Dryer | Plant and Machine Room in one 40 foot container | 3.000 |
| Fish & Fish Head Dryer | Heavy Duty | 4.000 |
| All-in-one Refrigerating Units | Movable or Stationary | To be negotiated |
| Ice Skating Rinks | Movable or Stationary | To be negotiated |
